Customer Reviews

I am very happy with my new piano music book. The music is not too difficult to play, yet it is challenging. (I guess I'm the equivalent of a third year student, but I'm pretty much self-taught.) This music is unlike most piano music out there and is very interesting and unusual. And the book came quite soon after it was ordered. (Henry's wife, btw.) I am hoping that there will be more music books like this available soon.

I love New Age music and this book has several of my favorites. Good at intermediate level.
