"Unveiling the Mystery of Choreography" is a wonderful beginner's guide to bellydancing choreography that manages to be both practical and engaging at the same time. Sharon M. Ross skillfully and passionately explores the mores of bellydancer choreography from the essential tools needed to create you own routine/dance to tips and advice to make you feel confident, beautiful and skilled as you create your distinctive dance. What I liked about this guide is that it is down-to-earth, inviting and celebratory... it is a beautifully detailed and passionately written book that helps to not only foster your own skills when it comes to choreography, but helps to build your love for dance as well. The well-written book has everything you need to help create hypnotic, smooth and sensual dances that express your artistry, your love of dance and your own personality. Overall, this was a wonderful and practical guide that allowed me to delve into the mysteries of choreography with Ms. Ross' experienced help.
