The Search

Synopsis

To most people, Fiona Bristow seems to have an idyllic life: a quaint house on an island off Seattle's coast, a thriving dog-training school, and a challenging volunteer job performing canine search and rescue. Not to mention her three intensely loyal Labs. But Fiona got to this point by surviving a nightmare. Several years ago, she was the only survivor of a serial killer - a madman who stalked and abducted young women, strangled them, and left them buried with a red scarf on their bodies. As authorities were closing in on the Red Scarf Killer, he shot and killed Fiona's cop fiancé and his K-9 partner. On Orcas Island, Fiona has found the peace and solitude she needed to rebuild her life. Yet all that changes on the day Simon Doyle barrels up her drive, desperate for her help. He's the reluctant owner of an out-of-control puppy, foisted upon him by his mother. Jaws has eaten through Simon's house, and he's at his wit's end. To Fiona, Jaws is nothing she can't handle. Simon is another matter. A newcomer to Orcas, he's a rugged and intensely private artist, known for creating exquisite furniture. Simon never wanted a puppy, and he most definitely doesn't want a woman. Besides, the lanky redhead is not his type. But tell that to the laws of attraction. As Fiona embarks on training Jaws and as Simon begins to appreciate both dog and trainer, the past tears back into Fiona's life. A copycat killer has emerged out of the shadows, a man whose bloodlust has been channeled by a master with one motive: to reclaim the woman who slipped out of his hands.

Customer Reviews

Reading a book by Nora Roberts is like gaining a whole set of new friends. Fiona Bristow leads a

quiet and fulfilled live on Orcas Island. She runs a dog school, leads a canine search and rescue group and adores living with her three dogs. When she meets Simon Doyle and his dog Jaws (you have to adore him!) she doesn't want to be interested in the moody and blunt wood artist. Ever since she nearly became the victim of the Red Scarf serial killer who later murdered her fiancé she has been staying away from relationships with men. Simon is also not really interested in starting something with Fiona. Living on small Orcas Island and with his playful puppy is a new experience for him and he enjoys being single. However the more time Fiona and Simon spend together through obedience training for Jaws the more the attraction between them grows. When a copycat killer starts to murder young women and it seems that Fiona might be his final victim everything changes. Staying back is no longer an option for Simon and he will do everything to make sure that Fiona stays safe. Once again Nora Roberts created a great and very entertaining novel. What I enjoyed about "The Search" are the likable, realistic characters and especially the detailed description of Fiona's job, her life on Orcas Island and her relationship with Simon. IMO this book is the perfect choice for a quiet weekend when you have time for yourself and can really dip into the story. It took me some pages to get into the book but then I loved it. I always appreciate it when an author describes her characters and what is important to them in detail so I enjoyed reading all the little things about Fiona's life and her business. At the end of the book I felt like Fiona, Simon and co. were like friends.
