## Customer Reviews

Cool songs with great transcriptions. I went from slide zero to slide hero in just a few days working through Elmore's licks. Definitely recommend this book to anyone wanting to learn old school slide guitar.

Wish it had more of the backing (rhythm guitar, etc.) but it's a really good book. Nice intro and song notes.

Really good music book for the basics to get into Elmore James stuff.

one of the few books you can get that is mostly in open D slide. Easy to read and understand

Well, I thought it was buying a biography - but received a crappy tutorial book instead (I'm a slide guitar player myself and don't need a book this weak to explain Elmo's stuff). Well, I can only blame myself! Should have read the book presentation in more detail.
