Customer Reviews

The stock market has developed a reputation among the people of the world as a mystical entity. Warren Buffett is known today as a massively successful entrepreneur and investor. However, all successful people had to make their way from the beginning, This great book containsvaluable investing lessons that we learned from what he said in the past in these interviews and letters. With the help of this book, you will be able to develop Warren Buffettâ™s mindset in living, success and investing.

I hear a lot about Warren Buffett from close friends and that was about the extent of my knowledge of the man to date. I had heard that he has amassed incredible riches, yet remains very humble and down to earth. This impresses me so I was anxious to learn a bit more. This book by Zusak has some great information on the man, including a lot of notations on his business successes and philosophies. While not an in depth biography by any means, I feel as if I understand Buffett much better now and have come away with some useful business tips that I can apply to my own life.

I was curious to learn a bit more. Zusak some great information on this book, man, marking the success of their business philosophy and involves a lot of. This is very effective because some of the money from the stock market is coming buffet. I also would like to apply to. I just budget my money so I can invest in the stock market now.

Great book about the great person. This book showed me the way how to develop my own investing. I can't wait to apply these principles on my way. I would like to build my long term business using principles from this great person. I really liked chapter 2 Adjust your lifestyle. Recommended.

This book is great read that certainly focus on how to invest, make educated decision and calculated risk. What I found to be most helpfull was Warren's mindset, the way he views the jouney. I feel inspired, motivated and more patient. I highly recomand this book to anyone that's in it for the long hall.

Warren Buffet is a known name in the stock market world. He inspires many and his success story in investing in truly amazing!! want to try out my luck in stock market as well, and what can be more beneficial than following guides of Warren Buffet? This book has valuable investing lessons to learn and tips to develop a mindset the warren buffet way.. This book has details of warren buffet's likes and dislikes, his lifestyle, how to keep learning and keep working, proven investing principles and much more.. I really liked this book and hopefully I can do proper justice with these tips and principles to get my investing career started :)
