Customer Reviews

This is a good series both for teach and just to keep on you for practice. I played when I was a kid through high school and a few years beyond, then stopped and picked it back up in my 30's... after learning to play, then having to reteach myself and be the learner with the knowledge I have... I can say that it's a really great series... I've been teaching kids with it as well..

its a good book i use it for my band class and its good. but if u just starded this is not for u

Exactly what the teacher requested
