Customer Reviews

Highly recommend this book not only for the detailed description but also for the great color photos. Most price guides have alot of descriptions but not many photos, not this one! I enjoyed reading the description and seeing a photo. A must have for any collector

This is one of the best books on Figural Kitchenware of the 50's and 60's that I have seen so far. Not only great pictures, but the best information about Holt Howard Collectibles as well as knock offs. I have used my copy more than any other reference book I own on Kitchenware. Walter Dworkin can't put out another soon enough. Can't wait!

if you are looking for information on Holt Howard collectibles, this is the book for you. I has lots of color pictures and descriptions with specifics.

I ordered the book and generally liked it, but was disappointed it does NOT include all the Christmas items HH made and that this is a small section of the book.. :0
