Customer Reviews

Iannuzi has written a well organized book filled with practical advice. Although most of what he says is very good, he does make a few false steps on the way. For example, he counsels too much reliance on the judge in handling a recalcitrant witness. Most judges I've been before feel that you ought to be able to control a witness without judicial intervention. Iannuzi's suggestions for note taking during direct examination provide a workable methodology for the fledgling advocate. users of this system will likely get writer's cramp, however. Because my handwriting is horrible, I abandoned Iannuzi's system long ago for the system espoused by Stern in "Trying Cases to Win: Cross Examination." For those who are computer literate, a laptop or notebook PC makes Iannuzi's system much more workable.

This is the Kindle version of this book. Beware: the table of contents stops at chapter 4 (out of 25).

Excellent
