Customer Reviews

Sheet music is sheet music for the most part. I gave this 3 stars because the last page of music is actually printed on the back of the cover, which is made of plastic, so I can't write notes on it in pencil... very annoying.

This is a tough piece to play, no getting around it. Plentiful flats and quick/difficult to play runs. I'm somewhere around early advanced, and this is playable but difficult. I'm only three pages in, to give you an idea what you're getting in to.

Very good writing. Staples in binding May rattle a bit. Other than that it is a great book for this piece.

Perfect size and quality...so glad I could purchase through .

This piece is in its original form. Excellent and easy to read.

Very nice. Thank you.

I provided a copy to each of my daughters who play the piano very, very well. Both of them really like this.

Good quality.
