## Customer Reviews

I bought this for my horn player after he lost the first one at school. I got this book for about a third of what I paid at a local music store. Note that this is the book only. The one I bought at the store included a CD. If you don't need the CD this is a great deal.

Great Item and great price, My son needed for school

Learning French horn simplified

Used these books as a kid to learn the French Horn. After 2 years of braces...I needed the book again to have the exercises to build up my omerture again. Glad they're still around!

I ordered this book for my daughter for band class and it came in a good amount of time. The only thing is it was missing the cd that comes with it.
